My dear Mrs. Coffey:

In going through Dr. Lummis' subscription files I find an order from you for two copies of his "Spanish Songs of Old California". This order is undated. There is no record to show that the books were ever mailed you, but I notice that bills for same were mailed you February 4, 1924, May 6, 1924, and November 25, 1924. ($3.00)

As Dr. Lummis has had several upheavals in his clerical force during the last year, causing considerable confusion, will you kindly assist me in straightening out his accounts by letting me know whether you received these books, and very greatly oblige

Respectfully yours

Secretary to
C.F. LUMMIS
